ABC BULLION PRODUCT RANGE

POOL ALLOCATED BULLION

Investors in ABC Bullion Pool Allocated products buy a 'share' in a pool of physical gold, silver, platinum or palladium, instead of purchasing a specific physical precious metal bar.

ABC Bullion Pool Allocated products are 100% backed by externally audited metal positions held by ABC Bullion and its related bodies corporate. Key benefits of ABC Bullion Pool Allocated products include:

- ▶ Lowest trading premiums
- ▶ Free storage
- ▶ Highly liquid and easy to trade
- ▶ Fully insured for its replacement value
- ▶ Subject to biannual independent audit
- ▶ Can be converted to physical bars (at any time for a small barring fee).
